- Identify the Top 15 design-build risks and how each form contract handles them
- Understand which types of projects are the best fit for DBIA, AIA and ConsensusDOCS forms

Meet the Speaker

Patrick Miller, Baker & Daniels

Miller is the current President of the Design-Build Institute of America — Great Lakes Region. He practices construction law in the Chicago office of Baker & Daniels and is a frequent lecturer on design-build construction. Patrick assists public agencies and private owners with best practices in design-build procurement and contracting, and design-build teams with responding to RFQ's and RFP's for design-build services.
